SKILLS

Front-End Development
ALX Software Engineering

- **HTML and CSS proficiency:** Ability to create and style web pages using HTML and CSS, ensuring they are visually appealing and functional.
- **Javascript Knowledge:** Understanding of JavaScript to add interactivity and dynamic content to websites.
- **React:** Familiarity with React for building user interfaces and managing state in web applications.
- **Responsive Design:** in creating websites that work well on various devices and screen sizes using media queries and flexible layouts.
- **Version Control/Git**: Experience with version control systems like Git to manage code changes and collaborate with other developers.
- **Communication and Collaboration:** Strong communication skills to work effectively with team members and the ability to collaborate on projects.

EXPERIENCE

- Developed a personal portfolio website that showcases practical applications of my web development skills.
- Worked on group projects during academic coursework, showcasing ability to collaborate effectively in a team environment.
- Successfully balanced multiple projects and academic responsibilities, demonstrating strong time management and organizational skills.
- Developed dynamic and interactive user interfaces using React, including state management and component-based architecture.
- Built responsive web pages using HTML, CSS, and JavaScript, ensuring optimal performance across various devices and screen sizes.

EDUCATION

Certificate in Front-End Development | SEPT 2023 - NOV 2024
ALX Software Engineering

- The ALX Software Engineering Program, specializing in Front-End Development, is an intensive 12-month course. It offers hands-on projects that provide practical experience in building functional web applications using core technologies like HTML, CSS, JavaScript, and React.

Pathway Connect Certificate | APRIL 2024 - NOV 2024
BYU pathway worldwide

- PathwayConnect, an educational program by BYU-Pathway Worldwide, equipped me with essential skills such as time management, effective communication, balancing home, work, and study commitments, utilizing online tools, and fostering collaboration and teamwork.
